CONNECTORS

## Connect<sup>2</sup> Expertise

Fischer Connectors has the answer to salt mist, sand, mud and other demanding requirements defense equipment designers and manufacturers face. As the preferred partner of defense and security forces worldwide, Fischer Connectors has the expertise you need for your rugged, reliable, small size and lightweight devices. You can rely on our 60 years of expertise in manufacturing high performance connectors and cable assembly solutions.

## Connect<sup>2</sup> Reliability

When it comes to mission critical applications, to rely on precision technology is a must. Fischer Connectors offers long-lasting and easy to clean connectors and cable assembly solutions that are extremely resistant to all harsh environments. With excellent EMC 360° shielding and up to 10'000 mating cycles in durability, our connectors provide the performance you need.

## Connect<sup>2</sup> Innovation

Innovative and flexible, Fischer Connectors is committed to ensure that your device is equipped with the best suitable connector. We offer a complete range of standard and custom solutions tailored to your product definition.

### Fischer UltiMate™ Series – UltiMate Connections for Harsh Environments

- High shock & vibration resistance
- High corrosion resistance (1'000 hours)
- Sealing IP68/69K even unmated

### Fischer FiberOptic Series - Robust Optical Performance

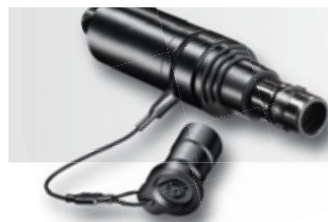

- IP68 mated, IP67 unmated
- Shock & vibration resistance
- Easy field cleaning

### Fischer MiniMax™ Series - Best in miniaturization

- Small profile: less than 7mm inside the box
- Unmatched density: 24 pins in 12 mm diameter
- Unique combination of 20 signal + 4 power pins

### Fischer Rugged Flash Drive – Safe storage of sensitive data

- Fischer UltiMate™ & Core Series compatible
- From 4 Gb to 256 Gb capacity
- Ultra-portable, lightweight, miniature solution for easy storage & transport
